To apply for CPT students must:

- Meet with an International Student and Scholar Specialist in the International Student and Scholar Office (ISSO) (Seaton Hall, Suite 201) and review the CPT packet and requirements for CPT.

AUTHORIZATION:

An International Student and Scholar Specialist will review the application for CPT and will inform the student of the decision. If CPT is approved a new Form I-20 with the CPT authorization on page 3 will be issued to the student. The student must present the Form I-20 to the employer as authorization to engage in CPT prior to beginning the internship and cannot begin the internship until the begin date on the authorization. CPT can be done part-time (20 hours or less per week) or full-time (21 hours or more per week). **Students who engage in one year or more of full-time CPT are not eligible for Optional Practical Training (OPT).**

**FACULTY INFORMATION AND CERTIFICATION FORM
CURRICULAR PRACTICAL TRAINING (CPT)**

This form must be completed by the appropriate faculty member, signed and submitted to the International Student and Scholar Office (ISSO) **in a sealed envelope**. **THE STUDENT MAY NOT COMPLETE THIS FORM**. Forms that are not submitted in a sealed envelope will be returned to the department and may delay processing of the CPT request.

Federal immigration regulations require that CPT be “an integral part of the student’s established curriculum”. It is further defined by federal regulation as “alternate work/study, internship, cooperative education or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school”. A Designated School Official (DSO) at UNL’s International Student and Scholar Office may authorize CPT only when certain requirements as set forth on the CPT information sheet are met. Failure to follow the regulations will jeopardize UNL’s authority to enroll international students.

To be eligible for authorization for curricular practical training, the employment must fulfill one of the requirements listed below (either Section A or Section B or Section C) and an explanation must be provided as to how the internship will meet the requirements of CPT.
